MEMORANDUM FOR THE FILE

I called George Meloon and asked that we get together next week for a review of the proposal and discussion of alternatives before a final decision on this matter is made.

Mr. Meloon agreed to prepare maps and diagrams and have some additional officers review the proposal to see if they have any new ideas.

Bob:

I read this and am prepared to discuss at any time. I suggest, however, that we do some more thinking about the alternatives. This problem will have to be solved some day, I believe, and the solution, whenever it comes, probably won't be any less expensive or less complicated. I think it isn't quite good enough to abandon any further consideration of this project without considering alternative solutions.

Colonel White:

Attached is a memorandum from George Meloon on Chain Bridge Road improvements. Please note that Metcalf is unwilling to give an easement and to provide an exit-access driveway about \$40,000 will be needed. A public relations problem may also be involved. Larry Houston has reservations on our getting too deeply involved. After you have read this I would like to discuss with you what we do next.
